6) Update Consumer Rights & Responsibilities Handout (James Smith)								
Discussion	<p>Sherrie said at the last meeting we thought the handout would be provided for review by the Senior Counselors meeting in October, but they are not meeting until December. Sherrie will bring it to this meeting for them to review and comment.</p> <p>James will make sure Diane reviews the handout prior to our next meeting to find out what her thoughts are of it.</p> <p>James noted that he had a reaction to the handout when he went back to review it recently and believes it is related to how much it has been condensed as it seems very unfriendly. James asked if we want to Focus Group the handout with consumers. This may be considered after other reviews are completed.</p>

	<p>is needed. Amanda asked if it should be renamed to Consumers Rights and Responsibilities Chapter. Sherrie said yes that is what we are referring to. Sherrie asked if consumers would use this material. Sherrie would like the view of Senior VR Counselors. Maria said that the benefit is that there would be more weight to having a chapter that could be referenced. Sherrie asked that we be provided the key pieces that VR counselors would like in the chapter. James said that we may end up with chapters that contradict each other. Amanda said that although it may not be valuable to consumers, it would help guide counselors. A review of the Appeals Chapter with Senior VR Counselors would be appropriate to see if there is anything that needs to be added. Amanda will add this to the agenda of the Senior VR Counselors meeting that is being held on 12/11/18.</p>

<p>8) Update/Discussion of 2019 P & P Priorities from SRC Annual Retreat (Sherrie Brunelle)</p>			
Discussion	<p>Sherrie said that the discussion that occurred at the October 4th Retreat was a continuation of the discussion held at the prior year’s Retreat about policies and procedures needed.</p> <p>In looking at the chapter on Self Employment, Sherrie reviewed 37 states and what they had on Self Employment. Sherrie will be providing a summary of what she found out about each state.</p> <p>At a recent meeting, it was discussed that there needs to be a different process for approving self-employment for a consumer as a goal. For example, in other states, self-</p>

employment is not a goal it is a strategy to obtain work in a specific field.

During her research on the subject, she found that in some states:

- there is staged funding,
- an internal chain of authority review process,
- implementation of contracts with small business development centers to deliver all the services and to gain the necessary approvals.

The process would work better in Vermont if we had some system of review. Most states require that consumers go to training before self-employment as a goal is approved.

Needed changes in policies and procedures for those interested in Self-Employment include:

- additional VR funding,
- Implementation of very stringent requirements,
- substantial “money in the game” by consumers, and
- a clearly staged process as to when funding would be released.

Guidance on progressive self-employment would also be valuable.

Transportation was another priority discussed that included car repairs. Transportation needs to be updated as there are things currently listed that are not available as a resource, etc.

We then looked at having the Careers Initiative be the ongoing work for the year. Amanda said that a report out is expected in June and James said we probably would not need this committee to review anything until the fall of 2019. Amanda said between now and then she can attend meetings occasionally to provide updates.

James said that in the past we have systematically gone through each chapter from the beginning to the end. Debra will review VR P & P Manual to find out when each was reviewed.

2019 Priorities Determined at Retreat:

Approved 2019.01.03
 Minutes – November 1, 2018

	<p>1) Self-employment – Three or four skype meetings have been set up with Hib Doe and others related to their knowledge and experience on self-employment.</p> <p>2) Transportation – creating some clear and consistent process for making decisions using VR funds. Working with Ross MacDonald of VTrans in this endeavor.</p> <p>3) Discussion of the Policy and Procedures that need to be implemented related to the Careers Initiative.</p>

Debra will review and compile a listing of the VR P & P Manual to find out when each policy was last updated for the committee to systematically begin reviewing them again from start to finish.	Debra Kobus	1/3/2019
9) Review Draft Careers Initiative Guidance Documents (James Smith)		
Discussion	<p>1) Case Service Dollar Spending Policy including</p> <p>a) Managing long and short-term goals within a VR case.</p> <p>b) Appropriate expenditures</p> <p>James handed out a draft and said that our hope is that this is close to a final version. James would like to put this out for Public Comment towards the end of December and have it finalized in January.</p> <p>Sherrie provided the following comments:</p> <ul style="list-style-type: none"> • On Page 2, Section 1a – The term Workforce Innovation act (WIOA) is used and then Section 2a on the same page uses the term the Rehab Act and these should be the same. • In Section 2a, second sentence -delete “and IPE” here and under guidance. • In the case examples, the term “consumer” is used and at other times “names” are used and they should be consistent including case discussions in practice.

James said it was intentional. • Sherrie said that bullets should be used instead of numbers to avoid showing a hierarchical preference. • On page 6, under case example 1, third line up there is also one typo. • On page 6, case example 2 - first sentence “making close to minimum wage” – delete “making close” <p>James will send an updated version to Debra to send out for a vote by the Policy and Procedures Committee.</p>

Donna said we were considering using the term “deactivating” rather than “closing” the case as deactivating a case is easier to re-open than a closed case. They will be bringing a draft back to the Policy and Procedures Committee at the next meeting.</p> <p>Jessie said that her experience is that most consumers do not care if their case is closed as it is explained that it can be opened again at any time. Maria said that current cases are closed because of noncontact.</p>
